

STAR COMPUTERS - LAPTOPS

Z9

- Awesome Radeon 9000 Graphics
- Large 15" Screen
- Long Life up to 5 hrs.
- Breakthrough Mobile Performance

Enjoy Intel® Pentium® M processor with the Z9 series. With its 2-spindle design, robust features and exhilarating, the Z9 series is ideal for all environments.

The Star Z9 takes the concept of stylish mobility to all-new heights. Designed with true mobility in mind, the Z9

packs extraordinary performance into an elegantly-designed package. Perfect for everything from doing your homework to playing games, and from watching DVD movies to burning your own music CDs, the Z9 fits in your lifestyle. Eminent Processing Power

Not only powered by Intel® Pentium® M processor to a compelling performance, Star ADTD II heat dissipation technology guarantees to provide a quiet computing environment with less vibration and consumes less power. The Z9 series achieved a perfect blend of style and performance.

Power4 Gear+ Technology for Longer Battery Life

Power4 Gear+, the all-new battery conservation feature, automatically and intelligently adjusts CPU speed, LCD brightness, and Windows power scheme according to system load. Offering eight different modes designed for games, watching DVD, listening to audio and word processing etc., this innovation maximizes battery life for reliable continuous operation.
