### Now 50% and 5x Faster

The S5N now is now powered by an Intel Pentium M processor running a 1.5GHz, a 50% faster clock speed increase over the previous S5Ne. The new S5N now has 802.11b/g wireless, for wireless speeds up to 5x faster. Where you are working or playing, S5N will do it faster.

### Ultra-sleek, Ultra-slim, Ultra-sexy

The S5N balances beauty and mobility in an elegant, silvery-white exterior. Raise the cover and you'll find a translucent white keyboard at your fingertips. Press the gleaming aluminum switch and watch it glow as the S5N comes to life.

### Ultimate Portability

A notebook isn't useful if it is so bulky you leave it behind or so power-hungry that you battery dies before you get your creative juices flowing. Under 3 pounds, the S5N is so feather light you'll forget its in your bag until you need it. And S5N incorporates a powerful Intel® Pentium® M processor and Intel® Centrino® Mobile Technology which provide superior battery life, while delivering an extraordinary computing and wireless performance.

### Everything You Need and Then Some

You'd expect something so beautiful to have equally sexy accessories. S5N has an award-winning slim DVD/CDRW drive, a stylish case, and the cutest little wireless mouse you've ever seen. What could be better? Well for a start we include them free!

\* Over 2.0 hours of power with standard battery. Need more time to think? With the optional 9 cell battery the S5N can keep going up to 7.6 hours. Numbers based on Mobile Mark 2002 after activating ASUS Power4 Gear power-saving technology.
